Scandinavian Note Cards

Watercolors by Artist & Stationer

Sharon Christensen

www.SharonChristensenArt.com

Sharon Christensen is an artist based in west-central Wisconsin, and has been creating Scandinavian-themed artwork for more than 20 years. Much of her inspiration comes from her Danish and Norwegian heritage, and visits to both of those countries, along with her love of Scandinavian folk arts, and Norwegian fjord ponies. She has developed her own style of Norwegian rosemaling using traditional patterns painted with watercolors. You can find her complete collection and latest designs at SharonChristensenArt.com.
